Whoopsadaisy was established in 2008 to bridge the gap in suitable services and opportunities for children with cerebral palsy and other motor disorders affecting mobility, posture, coordination, and balance. Over the years, we have grown, evolved, and earned recognition for our exceptional services dedicated to the children and families we serve.

Employing a unique and integrated approach tailored to supporting children with physical disabilities, our organization excels in addressing their physical, emotional, social, and educational needs both individually and within group settings.

Throughout the past decade, Whoopsadaisy has expanded to support more children, allowing us to continuously refine our services and elevate our presence within the broader community.

Brighton boasts a vibrant and robust charitable sector that supports diverse causes, and we take great pride in being an enthusiastic and integral part of this community.

We take immense pride in the services we offer and the positive impact we create for children and their families. Currently, we conduct group sessions from our Pavilion under the following services:
